**Colour Full Tutti Frutti**

When referring to an ice cream or confectionery, "Tutti Frutti" typically involves a mixture of different fruit flavors, such as strawberry, cherry, banana, orange, pineapple, and more, all combined to create a vibrant and tasty treat. It may include small pieces of real fruit or artificial fruit flavors to mimic the taste of different fruits.

- Multi color Tutti Frutti Mix Jar Packaging.
- Suitable for Vegetarians, No Artificial Flavour.
- Storage instructions keep in a cool and dry place away from sunlight.

Kids are very attracted to eat dishes when they are decorated with these small cubical candies, so use these tutti frutti to cakes, cookies, deserts,ice creams pastries toppings. It adds a different fruity flavor to the food making it more delicious and presentable.

### Bathroom Cleaning Brush

by Zureni

Zureni Bathroom cleaning brush comes with the 2-in-1 function which is a floor scrub brush and wiper. Its stiff bristles are used to scrub the floor and after brushing the floor, you can easily wipe off the sewage with the wiper.

You can use it as a floor cleaning brush for multiple cleaning needs, wet and dry both. It can be used for hard floors, tiles, bathtubs, swimming pools, kitchens, and carpets as well as living rooms, patios, sidewalks, and other outdoor occasions.

### Specifications & Features

- Sturdy & Durable
- Extra Long Handle
- V-Shaped Cleaning Brush
- Cleans Hard-to-reach areas
- Cleaning Crevise Brush

### 120° Rotating Head

This bathroom floor cleaning brush can rotate 120 degrees at the pivot joint to provide you with an angle for all deep cleaning jobs. You can detach the long handle to scrub the sink gap and window bottom rail.

### PP Stiff Bristles

The brush is wear-resistant, strong, and not easy to break. PP bristles are stiff and will not bend or deform. The floor cleaner brush features a hanging hole for vertical storage and drying.

### Stainless Steel Handle

The long stainless steel handle allows you to sweep without bending or kneeling down. It saves your back plus knees. The bathroom tiles cleaning brush's handles are easy to assemble and connect so firmly.

**Stainless Steel Gua Sha Beauty Tool:-**

Stainless Steel is a tool for stability, strength and support. The natural cooling steel is a great tool to use after a busy day. Soothing yet weighty to use on both the face and for muscle recovery should you have any tight muscles.

**Benefits of SS GUA Gua Sha Tool :-**

- **Improved Circulation:** Gua sha involves scraping a smooth-edged tool across the skin, which can help stimulate blood flow. This increased circulation can give your skin a healthy glow.
- **Lymphatic Drainage:** Gua sha can also promote lymphatic drainage, helping to reduce puffiness and improve the appearance of your skin.
- **Tension Relief:** The gentle pressure applied during gua sha can help relax facial muscles, potentially reducing tension and the appearance of fine lines.
- **Product Absorption:** Using Gua sha with your skincare products can enhance their absorption, making them more effective.

**How to Use Gua Sha Tool:-**
